

# Motorized Blinds

## REF STORE Automatic Ecoview Sensored Blinds Save Energy Automatically!

**Optimized for Convenience stores and Grocery Retail stores.**

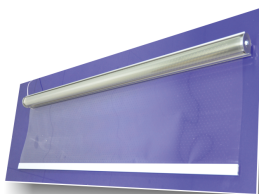

- By sensing human bodies, the Blind cover goes up when a customer approaches and comes down when a customer leaves.

- Energy saving with less electricity expense.
- Maintains low temperature by blocking the outflows.
- Especially helpful during the late night time when there are less customers.

Sensor with Receiver & Emitter

Ecoview Clean Blind

- Manual operation is also available with Emitter.
- Easy installation, Lower cost.
